Vehicle Fire - 110925

Earlier today, a member of the public's vehicle broke down outside the school premises and the driver pulled into the car park, where the car subsequently caught fire. The fire service attended promptly and the fire was quickly extinguished.

As a precaution, the school initiated a temporary lockdown while the situation was assessed. At no point were students or staff in direct danger. The students were extremely calm and behaved very well throughout the lockdown, and the school day has continued as usual.

End-of-day arrangements have been communicated directly to parents. We would like to thank parents for their support, understanding and calm response during the incident.

The carpark may be closed tomorrow morning, but we will update parents as soon as possible.
